

Granbergsdalsrundan, 24 km

All Karlskoga's cycling routes start at Alfred Nobel's Torg and are marked with blue signs with a bicycle.

Follow Katrinedalsgatan to the east. At the roundabout at Skolgärdet take left and follow Boåsvägen to Filipstadsvägen. Turn right towards E18. Cross the E18 at the traffic lights.

In the district of Rosendal you can see the old houses where the industrial workers lived from 1913. It was a high status area to live in and finest was to have a two-room apartment. Today, the apartments are rebuilt, but no major exterior changes have been made. The whole area has a high cultural historical value. Gråbo - Memorial Museum and Korpkullen, is also located here.

Follow Noravägen to Lerängen where you turn left to Granbergsdal. At Granbergsdal's hytta you can have coffee during summertime.

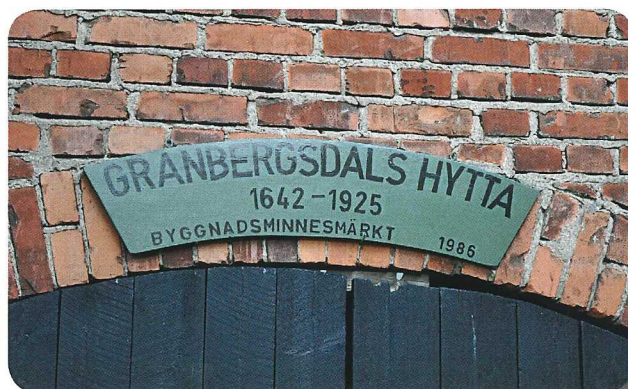

Continue on the gravel road to Öfalla, turn right towards Karlskoga. At Forsnästorpsbron, turn left towards Immetorp.

Continue on Immetorpsvägen to E 18 and then cross Svartälven, turn down under the bridge and cycle along the river. On the small cycle path, turn right and you will arrive in a residential area.

After that you reach Sandviksbadet and Backa beach. Follow the blue signs to the center of Karlskoga.

Granbergsdals hytta.

Granbergsdal's hytta, considered a historical building.
