

Lundsbergs Fiskevårdsområdesförening nr 109

Fishing permits are valid for handheld fishing gear and for personal use only. Trolling is allowed, but with a maximum of two rods per boat. The fishing permit is valid for the whole family, including children living at home. Children under 16 years old fish for free together with an adult. Annual permits are valid for one year from the date of issue.

Please release large fish, as they are important for reproduction and the future of the fish population.

Fishing for zander is not allowed between 15 May and 15 June, during the spawning season. Any zander caught must be released immediately.
